## Official Event Training

Unless delayed due to competition, all practice sessions will start at the time specified. Skaters and coaches are advised to ensure they are ready for their event training.

### Music

All compulsory dance events will have pre-timed MP3s for their event training. Tunes are as selected for Nationals. Each rhythm will be preceded by a 60 second preamble to allow skaters to warm up and prepare for the rhythm. All rhythms are in event dance order.

For event training Junior and Senior skaters will have an opportunity to complete their routine once. There will be a warmup period consistent with the length of the program only plus 2 minutes before the first skater commences or as per World Skate ruling for Style and Free Dance. Skating will be in the order as listed in the program. For those events with 2 parts the skater with the lowest rank will skate first with the highest ranked skater last eg 5 4 3 2 1.

Precision, Show and Quartet teams will be allowed to play their routine music for the duration of their allotted time. Skaters must be ready to skate and be given right of way by others on the floor.

For Figures, background music will be provided.

For safety reasons, iPods and other portable players may not be used during any event training.

Contact the Championship Director for any questions in relation to event training.
